

Are you seeking High-End Nutritionals for your family

without relying on synthetic vitamins etc?

The answer is Dr PPARs® - Whole Food Convenience inside a Bottle! Omega-3 fatty acids are considered **Essential Fatty Acids**: They are necessary for human health but the body can't make them. Our biggest method to obtain EFAs is big, cold-water fish like

Dr PPARs® is NOT a lab or factory man-made supplement. It is a balanced plant-based whole food nutritional with a proprietary formula of cultivation & extraction, with nutrients in their natural form that your body truly needs & recognizes. No fillers, binders or preservatives. Pesticide/Herbicide/Fungicide-Free. Vacuum Sealed. Halal & GMP Certified. Each harvest is analyzed for quality assurance to insure it is free of toxins and contaminants.

Cells malfunction for only two reasons:

1. They're not getting everything that they need to function properly - Deficiency
2. They're getting something that is interfering with their normal function - Toxicity

Apart from the oceans & waterways, microalgae are in soils. They live symbiotically in the roots of land plants where they break down soil compounds & make nutrients bio-available to the plants.

Microalgae Are Nature's Nutritional Powerhouse!

Virginia (Car Rental Owner) – “ All my Church friends say that I look much younger these days..I totally believe that consuming **Dr PPARs®** is beneficial. My skin is so smooth and those ‘old people‘ freckles are gone too. Wow!

Dr PPARs® - King Species of All Microalgae

Nellie (Accountant) - “I'm an ex-cancer patient & I have one word to describe this product – **EXCELLENT!**”

Dr PPARs®

Vitamin D3 - **1944 IUs**

Fried Fish Loses 50% of Vitamin D
Fish make Vit D from the precursor of
Vit D found in **Microalgae**.

Isolated Vit D may lead to toxic overdose.

Plant-Based Microalgae is safest.

The Egyptians built their pyramids with limestone formed from algae.

Dr PPARs® - Essential Fatty Acids:

α-Linolenic Acid, ALA

Polyunsaturated Fatty Acid & the only Omega-3 Fatty Acid found in Vegetable products.

**α-Linolenic Acid
(C18/C20)**

Flax Seed major contains only C18 ALA. **Dr PPARs®** & Fish oil major both contain C20. Fish contain Heavy Metals like Mercury etc. The tiniest Krill to the Ocean Whales & Plants get their abundance of fatty acids from **Microalgae**. The original source of EFAs. Single-Soft-Celled Wonders.

For Vegans too

5 times more **Chlorophyll** than wheatgrass. 10 times more than green barley & alfalfa. Contains PPAR Agonists & C.G.F. - Strengthens the body exponentially. Proteins that are easily digested and absorbed (300%-400% more readily than fish & beef). Vegetable molecules are much smaller, with no cholesterol, antibiotics or steroids. Furthermore the high temperatures of cooking (or pasteurization) needed to kill off the harmful pathogens in the decomposing flesh, coagulates and destroys much of the proteins in animal products.

Perfect Nutritional Composition:

Protein: CHO: Lipid - 60:14:8

95% Digestibility Rate /1 Hr Assimilation

The Singapore Patents Act

Certificate of Grant of Patent No: 152154

USA Patent App No: 60/982,535

**Without Microalgae – Life As We Know It,
Cannot Exist!**

Vitamin B12 is NOT found in Fruits or Vegetables. Only Microalgae that are plant-based & animal products contain Vit B12. It is needed for the maintenance & formation of red blood cells, necessary for fat, carbohydrate & protein metabolism. B12, B6 & Folate (B9) (seldom found in one source) are important for the production of energy. B9 taken before & during early pregnancy helps in the mental, normal & overall development of fetus. B12 in **Dr PPARs®** per 100g is at 298mcg - Oysters are highest in animal products & it is a mere 84mcg. **Dr PPARs®** has a superb array of B Vitamins.

I find that I sleep well these days. My son Imran, who does not fancy eating vegetables, finds it easy to simply take the tablet form of **Dr PPARs®**
- Yasmin Lee (Sales)

Awesome, after 6 months on **Dr PPARs®**, I noticed my son has fewer fever or colds & he is totally active & alert. I am so grateful
- Vera Krilova (Property Agent)

Our body is NOT designed to digest isolated nutrients but rather to extract them from real food.

Valerie has been fatigue & sleepy during classes even with other types of supplements but after just 3 weeks on **Dr PPARs®**, I could see significant improvements in her health. She also has constant nose bleed and this food has provided the necessary elements in assisting Val's body to halt the condition. I am impressed – Doris Diong (Educator)

NASA - Ideal food for long term space travel & colonization.

Over 5 Million Bottles Sold Worldwide

My sinusitis has been relieved. I used to have constant irregular menstrual cycles & cramps. Now, after a short while on this food, they're regulated & my energy level is remarkable compared to before. I'd readily recommend anyone

Dr PPARs® - Saumya Hettiarchchi (Nurse)

My dog used to be tired & frail. A blood test showed his liver was not performing well. Already 13 yrs old, but after **Dr PPARs®**, Forrest has been so agile & playful. – Ann Phua (Business owner)

Man cannot outsmart Nature

The most effective supplements are made exclusively from wholefood ingredients. Your body digests them as food. They are condensed into tablet or capsule form. Unlike synthetic vitamins, they supply your body with a complete nutritional balance in the precise ratio & arrangement as found in Nature.

Wholefoods are safer because they often contain substances which naturally regulate each other. This lowers the chances of an overdose. For example, a particular substance in a food may be dangerous if taken in too high concentrations, but another substance may help neutralize excessive amounts which are not used by the body

My daughter has Psoriasis for a few years already but I know that I know that it is **Dr PPARs®** that helped her regain her confidence. It is definitely a fantastic product in my opinion – Mrs Thenuwara

Finally, A Molecular Nutrition That Really Works!
